Screenshots of the Billing Preferences page for both the users (FinanceManager and FinanceUser) showing messages which indicate whether the user is able to change any billing preferences:

FinanceManager:

The screenshot shows the AWS Billing and Cost Management console for a FinanceManager account. The page title is "Billing Preferences". The left sidebar lists navigation options: Home, Getting Started, Dashboards, Billing and Payments, Bills, Payments, Credits, Purchase Orders, Cost and Usage Analysis, Cost Explorer, Cost Explorer Saved Reports, Cost Anomaly Detection, and Free Tier. The main content area displays three preference sections: "Invoice delivery preferences" (PDF invoices delivery by email, Deactivated), "Alert preferences" (AWS Free Tier alerts: Not delivered, CloudWatch billing alerts: Delivered), and "Detailed billing reports (legacy)" (Important: The AWS Cost & Usage report contains the most granular set of AWS cost and usage data available, including additional metadata about AWS services, pricing, and reservations (e.g., Amazon EC2 Reserved Instances). If you would like to access detailed information regarding your AWS costs and usage, we recommend creating an AWS Cost & Usage Report. Legacy report delivery to S3: No S3 configured). The top of the page features a navigation bar with the AWS logo, a search bar, and account information (Account ID: 9047-2709-2191). The bottom of the page shows a Windows taskbar with various application icons and the system clock (12:16 AM 10/1/2023).

FinanceUser:

The screenshot shows the AWS Billing and Cost Management console for a FinanceUser account. The page title is "Billing Preferences". The left sidebar lists navigation options: Coverage Report, Purchase Savings Plans, Cart, Reservations, Overview, Recommendations, Utilization Report, Coverage Report, Preferences and Settings, Payment Preferences, Billing Preferences, Cost Management Preferences, Tax Settings, Invoice Configuration, and Legacy Pages. The main content area displays three preference sections: "Invoice delivery preferences" (PDF invoices delivery by email, Deactivated), "Alert preferences" (You don't have permission to update billing alerts, Receive AWS Free Tier alerts: If this option is selected, your AWS Free Tier usage alerts will be sent to the email address that you used to create your account. To send these alerts to a different email address, specify it below. Email address to receive Free Tier usage alerts - optional: Email address (optional), Receive CloudWatch billing alerts: Once enabled, this preference cannot be disabled), and "Detailed billing reports (legacy)". The top of the page features a navigation bar with the AWS logo, a search bar, and account information (Account ID: 9047-2709-2191). The bottom of the page shows a Windows taskbar with various application icons and the system clock (12:19 AM 10/1/2023).
