ENPM665 Homework #1

AWS Account setup

Several thin, curved lines in dark blue and light grey originate from the bottom left and sweep upwards and to the right.

Levine, Miles L

MLEVIN56 ENPM665 0101

Part 1 - Create an AWS Account Screenshot

This screenshot shows the AWS Billing and Cost Management console for a new account. The left sidebar contains navigation links for Billing and Cost Management, including Home, Getting Started, Dashboards, Billing and Payments, and Cost and Usage Analysis. The main content area displays account information:

- Account details:** Name (mlevin56-ENPM665-0101-2025), ID (904727092191), Service provider (Amazon Web Services, Inc.), and ARN (arn:aws:account::904727092191:account).
- Account display settings - new:** Account color (Unset).
- Contact information:** Full name (Miles Levine), Company name (University of Maryland), Address (104 Dale Drive, Silver Spring, MD 20910, US), and Phone number (+1 3018441739).

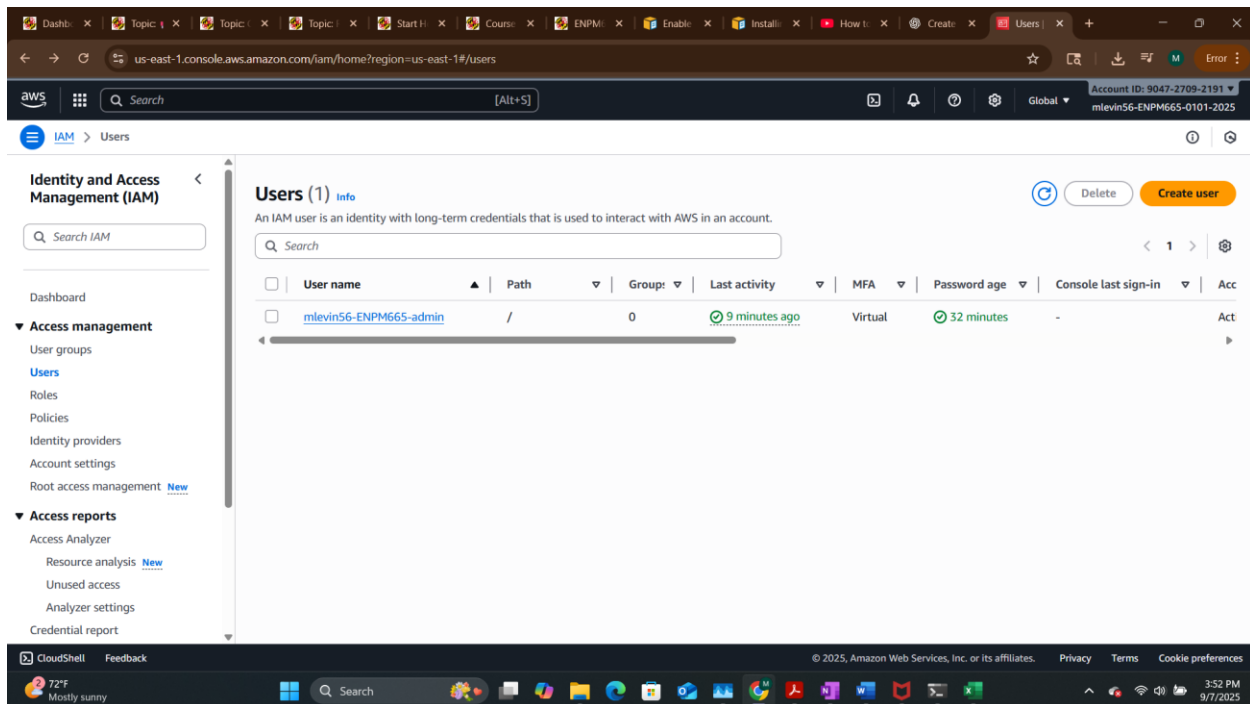

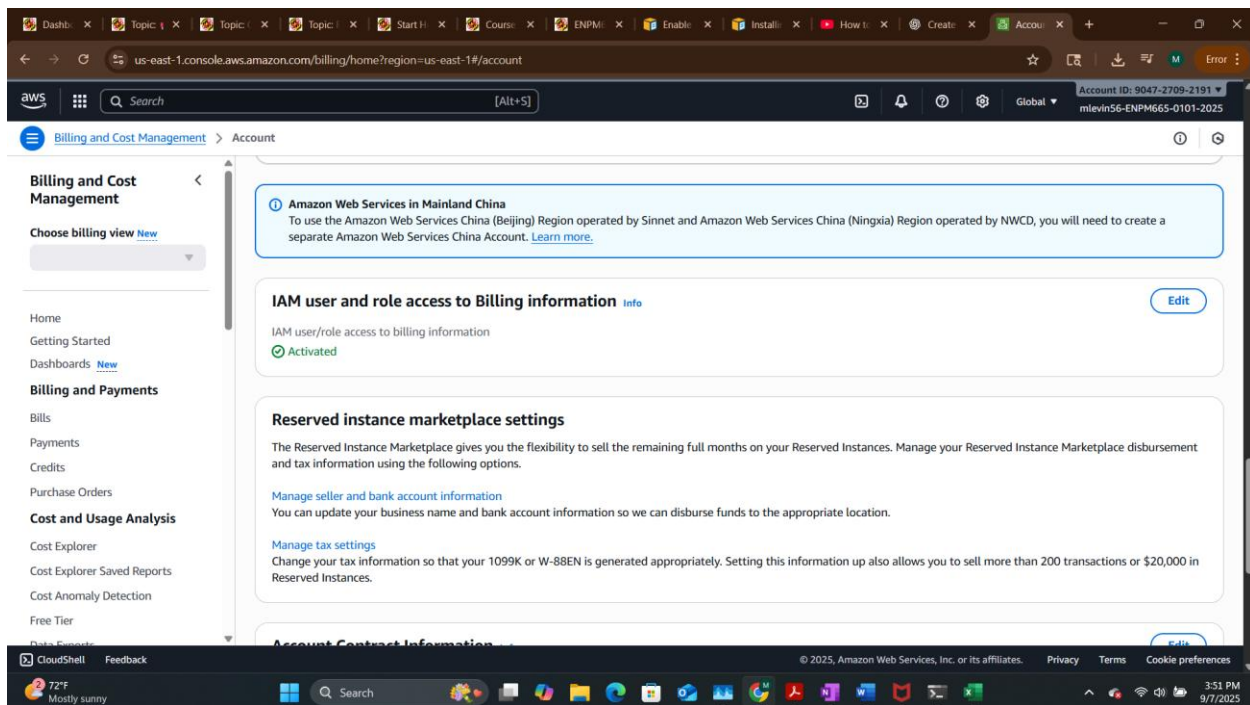

The top navigation bar shows the account ID and a 'Close account' button. The bottom status bar indicates the time is 3:47 PM on 9/7/2025.

This screenshot shows the AWS IAM console for the root user. The left sidebar contains navigation links for Identity and Access Management (IAM), including Dashboard, Access management, Access reports, and Root access management. The main content area displays security credentials information:

- Account details:** Account name (mlevin56-ENPM665-0101-2025), AWS account ID (904727092191), Email address (mlevin56@terpmail.umd.edu), and Canonical user ID (bb1f03f8803ea6471bc1c0a2b7fba642279ba95f6bad4e9d88e71594e10b9190).
- Multi-factor authentication (MFA) (1):** A table showing one MFA device assigned to the root user.
- Access keys (0):** A section for managing access keys, with a 'Create access key' button.

The top navigation bar shows the account ID and a 'Close account' button. The bottom status bar indicates the time is 3:50 PM on 9/7/2025.

Part 2 - Create an Administrative User Screenshot

Part 3 - Install and Configure the AWS CLI (command line interface) Screenshot

```
